 - a) Flood prediction
 - b) Flood Mapping
 - c) Flood Preplanning
 - d) Flood Forecasting

7. Most technical rescues will occur during this phase.
 - a) Pre-Flood
 - b) Recovery
 - c) Rapid Flood
 - d) Flash Flood

8. During this phase rescuers will be at their greatest personal risk.
 - a) Expansion
 - b) Flash Flood
 - c) Pre-Flood
 - d) Recovery

9. Best time to develop a response plan based on an existing hazard assessment that includes historical flood data.
 - a) Expansion
 - b) Flash Flood
 - c) Pre-Flood
 - d) Recovery

10. In this Phase essential infrastructure is now being compromised, hazmat issues begin to surface.
 - a) Expansion
 - b) Flash Flood
 - c) Pre-Flood
 - d) Recovery

11. Which is a possible hazmat locations in urban area?
 - a) Slurry pits
 - b) Septic tanks
 - c) Sewers
 - d) Dead animals

12. During this phase evacuation means that people can leave under their own power is often not the case here.
 - a) Flash Flood
 - b) Expansion
 - c) Recovery
 - d) Pre-Flood

13. All personnel operating in flooded areas should be issued with a suitable _____ to allow them to check for underwater hazards.
 - a) Pike Pole
 - b) Waders
 - c) Wading Pole
 - d) Paddle

14. Which of the Following is statement is true about using waders during flood response?
 - a) Provides high level of skin protection
 - b) Helps with flotation
 - c) immersed, from which it can be difficult to recover from it
 - d) Provides the same protection as a Drysuit

15. Fuel and oil from flooded vehicles is an example of a Urban hazmat location.
 - a) False
 - b) True

16. How many Levels of FINS alert?
 - a) 2
 - b) 3
 - c) 1
 - d) 5

17. Emergency personnel must personally visit the location of heavy rainfall or flooding. What FINS alert level is this?
 - a) Investigative
 - b) Emergency
 - c) Alert
 - d) None of the above

18. During FINS investigative alert response what actions can the responders take?
 - a) Evacuating residents near the high-water areas
 - b) Alert Storm Water Services staff
 - c) Document Findings and send Email to Chain of Command
 - d) They will barricade streets or take other action if needed

19. FINS is intended to be a public warning system.
 - a) True
 - b) False
20. Who does FINS notify during Flood Emergencies?
 - a) Emergency Management
 - b) Schools
 - c) News Media
 - d) Public
